

Dear [REDACTED]

Thank you for your letter! I enjoy living in Chicago. I have been to the Shedd Aquarium on the first day of Summer. I found all 5 facts and they are cool. I don't have something I like to play on my guitar. I just make up my own songs. My dog is a mix of a poodle and a Chihuahua and my other dog is a brown lab. One thing that I've learned about is that the astronauts might be able to travel to another dimension. My favorite sea creatures are dolphins and blue whales. My favorite animal is a lion.

In Science we are learning why rivers run dry. Another thing that happened at school is that I knocked my tooth out. One thing I'm looking forward to is going to Alabama.

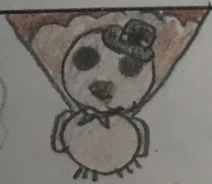

Something I would like to know about you is what's your favorite movie? Mine is "The Hate You Give". What are your cats like? I would also like to know more about your job like what is your favorite part about it?

P.S. Fröhliche

Weihnachten und
glückliches Dankeschön.

P.S. Merry

Sincerely,
[REDACTED]

Happy

T

Thanksgiving
